BREEZE

SERVICE Above Self

Laguna Beach, California

Volume 75, No 6

June 2006

You've All Done Very Well

from President Bob Ward

I want to thank each member, brand new or long-term, for making this past year a great success. Special thanks are in order for Board members, committee members and everyone who participated in our meetings and events. Those thanks extend to all the spouses, partners and friends who also participated.

During the year I read an article that discussed what makes a good club. The Rotary Club of Laguna Beach continues to flourish after 75 years and continues to attract vital new members. This is happening because our club adheres to the hallmarks of great clubs listed here:

- A clear mission and purpose for being
- A knowledgeable, caring and appreciative membership
- A sense of tradition and continuity
- An appropriate sense of selectivity
- Reasonable, understandable and fairly enforced club rules
- Forward-thinking, creative members
- Long-term participation in charitable activities
- Fiscal responsibility

Your good works were rewarded by our Rotary International President. At the final District 5320 meeting of Club Presidents we were awarded the 2005-2006 Presidential Citation. The Citation was awarded for demonstrating excellence and exemplary achievement in Rotary's second century of service through public image initiatives and continued efforts in club, community, vocational, and international service. Your generous service throughout the year made this distinguished award possible.

I join with the entire membership when I wish President Noel and his Board a successful and fulfilling 2006-2007 Rotary year. Under Noel's leadership, our club will undoubtedly continue the commitment to "Service above Self."
