## The Pinto and the Jaguar

from President Jan Herkelrath

A Jaguar pulled up to a stoplight. As the Jaguar driver waited, a lowly Ford Pinto pulled up beside in the lane next. It was hot, the windows were down.

"Hey", said the Pinto driver to the Jaguar driver, "Nice car. Do you have a car phone in your car? I've got a car phone in my Pinto."

"Well of course I have a car phone" said the Jaguar driver, with some disdain. "It's built in - comes from the factory that way."

"Ah", said the Pinto driver. He paused, then said: "I've got a bed in the back of my Pinto. Built in..." "Uh-huh", said the Jaguar driver, as the light changed and the Pinto and the Jaguar moved away.

The Jaguar driver was troubled. Couldn't get that Pinto out of his mind. I spent a fortune on this car. I don't have a bed built in. That little Pinto had a bed built in...So the Jaguar driver went to the Jaguar dealer: "Hey, I want a bed built in...now." The bed was built in by the Jaguar dealer. The Jaguar driver drove off.

Over the next few days he kept a sharp eye out for the Pinto driver. Days later, in the back of a deserted K-Mart parking lot he spotted the Pinto. He approached. There the Pinto sat, lowly and dirty, windows rolled up. The Jaguar driver got out of his Jaguar, walked up to the Pinto. He noticed the windows were fogged up. He knocked on the window...he knocked again...nothing. He knocked one last time. Slowly, the back window came down, and there was the Pinto driver. "Hey", said the Jaguar driver, "I got a bed built in my Jaguar!" The Pinto driver looked at him, irritated and said simply: "You got me out of the shower to tell me that?"
